We are planning a Tax awarness program as well as Computer Networking training program next month for our valued members.

Tomorrow we have got a golden opportunity to attend the Knowledge Conference , organized by IT nation of Mumbai, at Hotel Quality Inn Chandra. It is a whole day conference being presented by speakers from top MNC IT companies like APC, RedHat, Umax, Vesta, Iomega, Kodak, etc.. It is a matter of proudness for Jodhpur to be a part of it.

We are sure our members/ invitees will grasp the knowledge out of this conference & will spread the same in the entire Jodhpur region, which will in turn increase the IT awarness in the town.

We expect from the press that they will convince the mass about the competency of IT dealers of Jodhpur, & ensure them that they are capable enough to provide the solution of their every IT requirement.
